

when nothing

cygnus.

WE'RE CYGNUS. WE DON'T LIKE THE OBVIOUS. THE CLICHÉD. THE NORM. BUT WE CAN GIVE YOU SOMETHING DIFFERENT.

For what seems like only yesterday – but is, in fact, **26 years** – we've been happily applying this way of thinking, utilising our **43 creative brains** to B2B, B2C and B2E projects across all kinds of media.

This has seen us grow with an annual turnover of **£4 million**. And, even though we say so ourselves, we're rather good at it.

In fact, we've a history of making people sit up and take notice – by

getting results. That's seen us recognised as both a **Design Week** and **RAR Top 100 Elite agency**. Which is all very nice, but it would be even nicer to show you for ourselves.
